## **Subject: Information for ARVA EQUIPMENT Retailers – Implementation of GPSR Guidelines**

**The General Product Safety Regulation (GPSR)** establishes fundamental requirements for product safety within the European Union (new EU regulation effective from December 13, 2024). Its purpose is to ensure that only safe products are placed on the market and to protect consumers from risks.

For the implementation of these guidelines at ARVA EQUIPMENT, the following instructions must be observed:

### **Contacts**

#### **Manufacturer / EU Contact**

ARVA / Nic Impex  
8 rue Des Bouvières  
PAE des Glaisins, BP 10120  
74940 Annecy-le-Vieux  
France

<https://www.arva-equipment.com/>

<https://www.nicimpex.com/>

[info@nic-impex.com](mailto:info@nic-impex.com)

Phone: +33 (0)4 50 57 13 51

#### **Other EU Countries**

Please contact us for the distributor list.

#### **User Manuals and Safety Instructions**

Online access to ARVA equipment user manuals and explanatory videos, including all safety, usage, and warranty instructions:

<https://www.arva-equipment.com/fr/content/20-user-manuals-downloads>

#### **Important:**

The user manual included in the packaging (with warranty information) must be duly completed by the specialized retailer and handed over to the end consumer at the time of sale.

#### **ARVA EQUIPMENT Safety Standards**

The production site for ARVA avalanche transceivers is certified compliant with **DIN ISO 9001** and **DIN ISO 14001** standards.

The production site for airbag backpacks is certified compliant with **DIN ISO 9001** and is regularly inspected by **TÜV SÜD**.
